Milking Machine Oil

High Quality Vacuum Pump Oil

Product Code: A69

Product Description

Pennine Milking Machine Oil is a high quality lubricant manufactured from straight cut high viscosity index solvent refined virgin base oil. It has inherently good resistance to oxidation, high flash point, good demulsability and anti-foaming properties.

Applications

Designed specifically for use in rotary vacuum pumps and diffusion pumps.

Typical Test Data

Vacuum Pump Oil EHV	
Product Code	A69
ISO Viscosity Grade	100
Density @ 20°C	0.88
K. V. @ 40°C cSt	100
K. V. @ 100°C cSt	11.2
Viscosity Index	95
Flash Point °C	225
Pour Point °C	-9

Availability

Pennine Milking Machine Oil is available in bulk, 1000 litre IBC's, 205 litre barrels, 25 litre drums, 5 litre and 1 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement; we therefore reserve the right to change specifications without notice.
