Pneumatic Hammer Oil

High Film Strength Lubricating Oil
Product Code: AN5

Product Description

Pennine Pneumatic Hammer Oil is formulated from high viscosity index, heat stable solvent refined paraffinic mineral oils and incorporates specially developed anti-wear, anti-corrosion, antioxidant, extreme pressure and adhesive additives to give the ideal combination of properties for the lubrication of Massey Pneumatic Hammers.

Applications

Pennine Pneumatic Hammer Oil is specifically designed for use in Massey Pneumatic Hammers. It has excellent oxidation stability, reducing the potential for coking or oxidation, has improved lubricity and extreme pressure performance to reduce scuffing and wear and incorporates special film forming additives to offer maximum protection.

Typical Test Data

ISO Viscosity Classification	100
Density @ 15°C	0.9
K.V. @ 40°C (cSt)	104
K.V. @ 100°C (cSt)	11.2
Flash Point (°C)	241

Availability

Pennine Pneumatic Hammer Oil is available in bulk, 1000 litre IBC's, 205 litre barrels, 25 litre drums, 5 litre and 1 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
